Matthew 6: 25 - 34

God is Our Provider

Do not Worry about Tomorrow!

But strive first for the Kingdom of God and God's Righteousness!

We must be familiar with the saying that where God leads, God provides. This may look like a common saying but it is a profound faith statement. I would like to take this statement to the next level because God provides even in the places where it seems like God is not leading, and where God's presence and assurance of promises seem to be lost or far to reach. Because God's provisions are based on his faithfulness, mercy, and love. God's provisions are rooted in the very attribute of God as the provider to the whole creation. God is the Creator, sustainer, and redeemer of the Creation. So, God's provisions are never based on our feelings or our acknowledging of God's faithfulness.

The Hebrew name Jehovah Jireh means that the Lord will Provide. And Jesus always showed to his disciples that the source of our life provisions is from God the creator. That's the reason he included this text Matthew 6:25-34 as part of his significant Sermon on the Mount.

The birds and the lilies of the field are part of God's creation, but they never received any promises and, they never lack to receive God's provisions. So, Jesus invites us to look at the birds and consider the lilies. This is an invitation but why do we need to do that? In doing so we receive a promise in the form of life rule as Jesus said, "Do Not Worry about Tomorrow". In addition, he gives us an action plan of what we are supposed to do, that is, striving or working to bring God's kingdom, justice. God's kingdom is visible in and through our faith-filled ministry and service at the Wesley UMC. God provides the birds, and they serve the creation purpose. God provides the lilies and they spread the fragrance and beauty to the world.

Consider the Lillies of the Field! (v.28)

God's provisions should lead us not to worry but to work towards using our provisions to bring God's kingdom into our faith community and neighborhoods.

Jehovah Jireh! – **Rev. Dr. Archana Samuel**

Look at the Birds of the Air! (v. 26)

World Communion Sunday

Each October Christian Communities around the globe observe this special time of worship. With faith communities of all nations we celebrate this sacrament which binds us with each other and with Jesus Christ.

The day was first observed by Presbyterians in 1936, adopted by the Federal Council of Churches in 1940, and shortly thereafter observed in Methodist and Evangelical United Brethren churches. This day calls the church to be universal and inclusive in grace.

In honor our uniqueness, enjoy our rich diversity, and give glory to God united as co-missioned disciples. Take time to explore another culture, pray for other countries, listen to your favorite scripture read in a language you do not speak, and find new ways to connect in the fullness of the Body of Christ. Tune into an online worship from a global sibling in Christ.

Special offerings for this day go to UMC Giving in support of racial and ethnic students in achieving their educational goals and transforming communities. Fifty percent of the offering provides scholarships for graduate students from the U.S. and other countries. Thirty-five percent supports ethnic scholarships for undergraduate students. Fifteen percent funds in-service training programs for racial and ethnic persons. In 2021, World Communion Sunday offerings awarded 242 scholarships and grants. Your generosity continues to provide scholarships, grants, mentoring and training for leadership development.

Movie called 'Prodigal'. A modern day depiction of the story Jesus told about the Prodigal Son.

"No one knows when the Stuart family started drifting apart, but it was clear that their American dream was quickly becoming a nightmare. When 21-year-old Greg returned home from his island hideaway, the conflicts became more obvious...and painful.

The Prodigal is the dramatic, true-to-life story of one family's struggle to put the pieces back together, a journey that would bring them all home--back to their heavenly Father."

Donations for food appreciated.

Please join us in prayer for the people of Libya impacted greatly by the recent severe flooding. More than 2,000 people are feared dead as whole neighborhoods were swept into the sea by flash floods. Tidewater Friends of Acoustic Music Presents:

Christopher Compton

His work is created from a diverse palette of influences that cross genres and cultures. His distinctive voice and guitar playing draw these threads together into a unique sound and presentation. The subjects he addresses are equally heterogeneous, from the personal to the political, from the Stoic to the spiritual, from the everyday to the extraordinary. In every corner of experience, Christopher seeks the sensibilities that render the individual universal.

His words and music set out to make you feel something. They challenge but carry compassion. They empathies, lament, celebrate and encourage.

From Christopher—My songwriting can broadly be classified as 'acoustic singer-songwriter', with influences from the English and American folk traditions. The tapestry of genres and artists that I have absorbed into my musical sensibility is complex, colored and hard to pin down, but there are a handful of musicians who have clearly left their mark. These include James Taylor, Dylan, Richard Thompson, Paul Simon, Mark Knopfler, Ralph McTell and Leonard Cohen.

A Night's Welcome 2023-2024

A Night's Welcome will be getting started in about a month; this year it will rotate between five churches in Hampton (schedule to be announced later). Wesley will be providing dinner and breakfasts on the following dates, with some exceptions noted: (November 22 (no breakfast needed Nov 23), December 27-28, January 24-25, February 29 breakfast only (no dinner needed on February 28). Dinners can be prepared either in advance and brought over to the shelter OR prepared on-site at the shelter location kitchen.

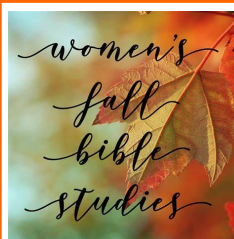

Breakfasts can be prepared in advance and brought over, be completely pre-bagged, or can be a hot prepared meal made at the shelter location kitchen (we will continue to provide pre-bagged breakfasts unless someone really wants to take on making a hot breakfast one day!) From H.E.L.P: To ensure a smooth meal service and cleanup afterward, we recommend planning for at least 3 people for food prep and serving and at least one additional person who can be dedicated to cleaning the dirty dishes as they are made. (Most of our churches have commercial dishwashers so the cleaning process is a bit simpler than sponge and sink). Our goal is to ensure you have a clean kitchen when you start and that you leave us a clean kitchen when you're finished. HELP will provide cleaning products, but does not provide a staff person to clean up after you.

If you would like to assist with preparing and serving a dinner please let Anne Companion know, 757-630-5860. Requests for breakfast items will come out later.

Hispanic Heritage Month

Hispanic Heritage Month is a time when all United Methodists in the United States can celebrate diversity and the positive contributions of their Hispanic/Latino brothers and sisters to their communities and congregations.

During the Sept. 15-Oct. 15 observance, many Hispanic/Latino people are remembering their traditions and celebrating their families' countries of origin and their independences. It offers an opportunity for all church members to better understand their community and the families in it as the population becomes increasingly diverse. Today, 15% of the U.S. population is of Hispanic heritage, but less than 1% of United Methodist church members are Hispanic.

Hispanic Heritage Month is among the times that congregations that are predominantly of other ethnicities can enrich their ministries as they interact with people whose culture and, perhaps, language are different from theirs. It may be a little uncomfortable at first, but it will become easier as you include and allow the people of that heritage to be a part of the planning and execution. If possible, allow the people of the celebrated culture to lead. They will be the experts.

New Skunk on the Table episode talks disaffiliation, future of the VAUMC

Skunk on the Table is a video, podcast and article series focused on simple and clear conversations about topics of interest to the conference and denomination. In this episode, David Domisse, Conference Treasurer, answers questions related to disaffiliation in the Virginia Conference and the financial impacts. David shared that “we are still very stable financially,

we are going to lose roughly 11% of the financial capacity of the conference through disaffiliations...that’s a significant number, but one we can handle...we’ve done a good job managing, we will have to make significant changes, but we’re coming from a place of relative strength and I believe we will continue to be strong into the future.”

Also joining the conversation is Dwayne Stinson, Director of Connectional Ministries for Discipleship and Congregational Vitality, who shares that “the future of the conference is on mission and ministry...I’m hoping we can renew our focus on how we share the Gospel with people in a way that shows them Jesus loves them and invites them to follow the call that God has for them and has equipped [them for]...that’s my hope that we can get back to our actual mission as a denomination and [as] Christians.”

A Special Annual Conference will be held via Zoom Webinar on Saturday, October 7, 2023, to consider local church disaffiliation under Paragraph 2553 of the Book of Discipline. A Disaffiliation Reporting Guide and more was shared at: <https://vaumc.org/ac2023oct/>.

Special Called Annual Conference - October 7, 2023

The last Special Called Annual Conference in the Virginia Conference to consider local church disaffiliation under Paragraph 2553 of the Book of Discipline is scheduled for Saturday, October 7, 2023 at 9 a.m. via Zoom webinar.
